

Medicare Prescription Payment Plan Participation Request Form

The Medicare Prescription Payment Plan is a voluntary payment option that works with your current drug coverage to help you manage your out-of-pocket Medicare Part D drug costs by spreading them across the calendar year (January-December). **This payment option may help you manage your expenses, but it doesn't save you money or lower your drug costs.**

This payment option might not be the best choice for you if you get help paying for your prescription drug costs through programs like Extra Help from Medicare or a State Pharmaceutical Assistance Program (SPAP). Call your plan for more information.

Complete all fields unless marked optional

FIRST name: _____ LAST name: _____ MIDDLE initial (optional): _____

Johns Hopkins Advantage MD is a Medicare Advantage Plan with a Medicare contract offering HMO and PPO products. Enrollment in Johns Hopkins Advantage MD HMO or PPO depends on contract renewal.

The Medicare Prescription Payment Plan is a voluntary program that allows you to spread your out-of-pocket costs for covered Part D drugs across the remaining months of the plan year. The program does not affect your total prescription costs. Any applicable plan premiums are billed and should be paid separately from your Prescription Payment Plan billing statement. By opting in to the program, you (or your authorized representative) are indicating you understand these Medicare Prescription Payment Plan terms and conditions. You are agreeing to be financially responsible for all amounts billed under the program. If you do not pay the amounts due under the program you will be terminated from the program, and will not be allowed to opt in again until the amounts owed are repaid in full. You can choose to opt out of the program at any time, however any outstanding amounts owed will continue to be billed and must be paid.
